“

I started thinking about having my teeth redone as I was preparing to compete for the title of Miss Michigan. I interviewed several dentists, but the friendly staff at the Birmingham Center for Cosmetic Dentistry combined with Dr. Milan's impressive background made the decision easy. The process was smooth from beginning to end and I couldn't be happier with the results. The crowns look even better than my original teeth! I am so grateful to Dr. Milan for restoring not only my smile, but also my confidence.
