

## Mitchell S. Milan, D.D.S.

**DR. MITCHELL MILAN'S EXPERIENCE**, artistic ability, specialized knowledge, and training for more than 20 years in cosmetic and implant dentistry makes him a dentists' dentist. Other practitioners often consult with Dr. Milan on challenging cases and often times are patients themselves.

As owner of the Birmingham Center for Cosmetic Dentistry, Dr. Milan offers a wide range of dental solutions, many with immediate results. "High-tech digital equipment and lasers have made treatment safer, quicker, and more comfortable for my patients," Dr. Milan says.

He offers single visit crowns, porcelain veneers, Invisalign, Six Month Smiles, dental implants, laser gum treatments. Dr. Milan is the go-to dentist for porcelain veneers. He has performed more than 12,000 veneers on happy patients for more than 20 years. "The growth and focus of my practice has always been performing porcelain veneers. I'm at a point now where I'm placing veneers on adult children of patients I treated 20 years ago. I'm fortunate to be in a profession where I get compliments on a daily basis."

Dr. Milan has devoted his entire practice to helping people achieve the smile and the dental health they have always desired. He regularly meets with patients who are unhappy with their smiles but have been unable to address their concerns because previous bad dental experiences have intimidated them. Dr. Milan treats discriminating patients including many well-known celebrities.

In addition, Dr. Milan is proud to be one the first dentists in Michigan to be certified to perform "PST" which is a new technique to treat gum recession using a minimally invasive approach.

"I can provide practical solutions to make anyone proud of their smiles," Dr. Milan says. "It's important to have an experienced dentist to evaluate every patient and provide a custom treatment plan. The goal for me and my dental team is to give our patients the ability to keep their mouths healthy and beautiful for a lifetime."

With his exceptional artistic abilities, Dr. Milan continues to stay a top dentist in metro Detroit. He maintains his practice with the latest technology and prides himself on education to stay on top of all the latest dental procedures. He is proud of his new state-of-the-art whitening spa, which offers many different whitening options. "I love being a coordinator of art and technology coming together," Dr. Milan says. It's an achievement that smiles back at him. ■
