

# Dr. Mitchell S. Milan is the Master in the Art of Cosmetic Dentistry

Many patients that come in to visit the Birmingham Center for Cosmetic Dentistry have known for years that they want to change something about the appearance of the teeth. They may have researched which procedures might be best for them and possibly even consulted with other dentists for possible solutions. Now is the time that they must determine what procedures they need and who is going to perform them.

According to Dr. Mitchell S. Milan “the most important aspect of cosmetic dentistry is who a patient chooses to perform their care.” “The recent boom in cosmetic dentistry has created an environment in our profession where almost every dentist proclaims to be an expert.” “It is now common for dentists to take a few courses, do a few procedures, and instantly become a cosmetic dentist.”

After 18 years of performing many thousands of cosmetic dental procedures on some of the most demanding patients, Dr. Milan is truly Cosmetic Dentist’s Dentist. The focus on Dr. Milan’s office has been cosmetic dentistry well before the recent

“extreme make-over” craze.

Due the demand for Dr. Milan’s services it has been his mission to make quality cosmetic done quickly and comfortably. This is what his patients are saying: dentistry easier and affordable. Performing minimally invasive, state of the art procedures allow most patients to have life changing procedures. Dr. Milan employs the latest in laser and Cad-Cam technology that has revolutionized the art of cosmetic dentistry.

*Dr. Milan is a true artist! With porcelain veneers he transformed my teeth and my smile from dark and crooked teeth to straight and white. I have 100% trust and confidence in his abilities and integrity. This was truly one of the best investments I have ever made. The only mistake is that I waited about 15 years too long! Being a surgeon myself, I looked hard and long to find the right person and luckily found Dr. Milan.*

- Brian G., Surgeon

*I just wanted to thank you again for the wonderful work you did on my teeth. You are simply an expert at this! I will continue to recommend you to anyone who my need your services, I always do. Thank you again for my smile!*

- Tracey F., Executive Administrator

*I have always been so self-conscious of my teeth. I’ll never forget our first meeting/consultation when you asked me what “I” wanted. Everyone else presented me with a plan without my input. You gave me options that fit my budget. We set up appointments so the procedure could be completed efficiently. You and your staff made each visit warm, comfortable, and painless. If a picture is worth a thousand words, my before and after pictures say it all. Thank you, Dr. Milan. You are a true artist in cosmetic dentistry.*

- Patricia N., Consultant

*Dr. Milan, thank you so much for my smile improvement. It has been a true asset for me both personally and professionally. Your personal attention to detail and your caring staff far exceeded my expectations.*

- Kyleen K., Model

*Mitchell S. Milan, D.D.S.*
