

the
smile that
gets
noticed

For over 20 years Dr. Mitchell Milan has devoted his entire practice to helping people achieve the smile that they have always wanted.

He constantly meets with people who are unhappy with their smiles but haven't addressed it because they are intimidated by cosmetic dentistry. Many are surprised to hear that while he does work with celebrity clients, he also crafts custom smiles everyday for fellow parents, professionals and neighbors.

The Birmingham Center for Cosmetic Dentistry offers a wide range of smile solutions, many with immediate results. If there is something that you have always wanted to change about your smile, this is the time to do it. He would like to personally meet with you and discuss how you can have the smile you have always wanted. You deserve it!

**All Phases of Cosmetic, Implant and
General Dentistry Performed.**
